## **Lapeer Manufacturing Company acquires Cook Hammer Company**

Lapeer Manufacturing Company, is pleased to announce our recent acquisition of Cook Hammer Company, manufacturer of the Cook line of non-marring hammers. Lapeer Manufacturing Company can now offer our expansive line of Knu-Vise and Wolverine clamps as well as Cook Hammer product lines to all our valued customers.

We are proud to add the American-made Cook Hammer line to our family of products. This change will be seamless for our customers. You will continue to receive the same quality and service to which you have grown accustomed. The Knu-Vise, Wolverine and Cook Hammer family of products will remain a leader in the marketplace for both quality and pricing, while continuing to be produced here, in the United States.

Knu-Vise, Wolverine and Cook Hammer products can now be ordered together through our Lapeer, MI location. Please update phone, fax and address with information listed above. Please visit our websites, [www.lapeermanufacturing.com](http://www.lapeermanufacturing.com) and [www.cookhammer.com](http://www.cookhammer.com), for complete product information. We look forward to servicing your tooling needs.
